Equality Outcomes Progress Report April 2015

If you require this document in an alternative format please contact equalitydiversity@ed.ac.uk or telephone 0131 650 6303

1. Purpose

This document sets out the University’s Equality Outcomes progress report. The original Equality Outcomes Report was published 30 April 2013, for the period 30 April 2013 until 29 April 2017, and includes arrangements for reporting on progress and reviewing the Outcomes. The original Equality Outcomes report can be viewed at: http://www.ed.ac.uk/schools-departments/equality-diversity/about/strategy-action-plan

The preparation of the original publication of Equality Outcomes and Action Plans, and this progress report, help the University to ensure the right issues are being addressed to achieve tangible benefits for its community. The originally published Action Plans have been updated to include a progress column showing the status of each action to date. (See Annex A1 Equality Actions, and Annex 2 the Athena SWAN Bronze Action Plan 2012)

2. Context

The Equality Act 2010 (Specific Duties) (Scotland) Regulations 2012 place ‘Specific Duties’ on the University to enable the better performance of the general equality duty.
The general equality duty (formally the ‘public sector equality duty’) was introduced by the Equality Act 2010\(^1\) and requires the University, in the exercise of its functions, to have due regard to **three needs**. These are the need to:

- Eliminate unlawful discrimination, harassment, victimisation and other conduct prohibited by the Act
- Advance equality of opportunity between people who share a relevant protected characteristic\(^2\) and those who do not, particularly by
  - Removing or minimising disadvantage
  - Meeting the needs of particular groups that are different from the needs of others
  - Encouraging participation in public life
- Foster good relations between people who share a protected characteristic and those who do not, through tackling prejudice and promoting understanding between people from different groups.

The Specific Duties included a duty for the University to publish a set of Equality Outcomes by 30 April 2013, followed by a progress report by 30 April 2015. This document sets out the University’s Equality Outcomes and Action Plans progress report.

### 3. Responsibilities

Responsibility for achievement of the University’s Equality Outcomes and their progress is shared across the University, with particular responsibility lying with its governing and decision-making bodies, managers, and those responsible for students and services. Specific responsibility is identified for overseeing each Action relating to the Equality Outcomes.

### 4. Involvement and process for developing the Equality Outcomes

The Equality Outcomes were developed with close reference to University’s Strategic Plan and other existing strategies, plans and external requirements, including the University’s Equality and Diversity (E&D) Strategy and Action Plan, the University Athena SWAN Action Plan 2012, the University’s Outcome Agreement with the Scottish Funding Council and the Research Councils UK statement of expectations in relation to E&D.

A range of stakeholders were consulted on this progress report, including:

---

\(^1\) Enacted, in this respect, in April 2011

\(^2\) The general equality duty covers the following protected characteristics: age, disability, gender, gender reassignment, pregnancy and maternity, race, religion or belief and sexual orientation. It also covers marriage and civil partnerships with regard to eliminating unlawful discrimination in employment.
• senior management through the Equality Management Committee (EqMC), Central Management Group (CMG), and Quality Assurance Committee.
• University services, committees and groups, including the Chaplaincy, College and central Equality and Diversity Committees, Student Disability Service.
• staff and student groups, including Edinburgh University Students’ Association (EUSA) and various equality networks

5. Equality Outcomes

The attached Equality Outcomes and associated actions identified were seen as being the most relevant and significant issues for the University to address, based on our Strategic Plan and the consultation and evidence outlined above.

6. Progress

This paper provides a progress report to date in achieving the Equality Outcomes to be published by 30 April 2015, as required by the Specific Duties regulations. The report has been endorsed by the University’s Equality Management Committee, and progress reported to CMG to note. The report will go forward to University Court for formal approval, following which it will be published on the University’s E&D website and as part of the University’s Publication Scheme. Some of the Equality Outcomes may be subject to review and may be revised through consultation at a future meeting of the Equality Management Committee. A further report on progress will be made by 30 April 2017 and a fresh set of Equality Outcomes will be published at that point.

30 April 2015
Equality Actions 2013-17 (Progress on Actions April 2015)

The University of Edinburgh (UoE) has a long history as an accessible and inclusive institution, going back to its origins as a ‘civic’ University. The University aspires to be a place of first choice for some of the world’s most talented students and gifted staff and is committed to developing a positive culture, where all staff and students are able to develop to their full potential.

In its original Equality Outcomes published report 2013, the University agreed five Equality Outcomes in order to advance equality, diversity and inclusion, and enable the fulfilment of the General Equality Duty. This document sets out details of progress made on the Actions identified to enable achievement of each of these agreed Equality Outcomes. A progress column has been added to the Equality Action Plans at Annex 1, our Institutional Athena SWAN Bronze Action Plan 2012 at Annex 2, and includes a summary of the status of each action.

Summary of Equality Outcomes and Aligned Strategic Priorities

Equality Outcome 1: Improve the inclusivity of the working and studying environment
Ensure that the University values difference and that all students and staff can be confident about being themselves and have the opportunity to reach their full potential.

Aligned strategic priorities:
• Excellence in education objective: guide and support our students through University of Edinburgh degree programmes
• People Enabler objectives/strategies: be inclusive, supportive and collegial in our approach, which is underpinned by principles of dignity and respect, equality and diversity, health, safety and wellbeing; promote the attractiveness of the University as a
globally significant institution, and support new staff to enable them to become effective; provide safe and accessible working environments

- Outstanding student experience theme objectives: combine our recognised teaching excellence with an outstanding student experience …; take a cohesive, inclusive and individualised approach to enhancing our student experience that encompasses all subjects, all modes of learning, all student services, and all parts of our estate; promote student health, wellbeing and safety

- Equality and widening participation theme objective/strategy: foster a culture which permits freedom of thought and expression within a framework of mutual respect; enable students from under-represented groups to fully embrace their University experience, successfully complete their programme of study and expand their ambitions and employment opportunities; ensure staff and students with particular needs have access to appropriate facilities and support

**Equality Outcome 2: Improve the mainstreaming of equality through governance and management**

**Aligned strategic priorities:**

- People Enabler strategy: foster our ethos of collegiality, tolerance, compassion and strong ethics, through effective employee engagement and empowerment, transparency and excellent communications

- Lifelong community theme objective: be a responsible and influential neighbour, employer and adviser

**Equality Outcome 3: Improve awareness and understanding of equality in the University**

Improve quantitative and qualitative information about the students and staff (including potential students and staff) and their experiences across the student and employment lifecycles. Improve awareness and understanding of equality, diversity and inclusivity by the University community.

**Aligned strategic priorities:**

- Excellence in education objective: embed graduate attributes … in all our curricula

- Excellence in research objectives: combine our proven research excellence with demonstrable … health and social impact; generate a cohort of future research leaders

- Excellence in innovation objective: increase our impact on culture, health and wellbeing

- People Enabler objective: develop the knowledge, capabilities and skills of our people
• Outstanding student experience theme strategy: ensure staff have the skills and knowledge to respond effectively to the range of our students’ circumstances, experience, expectations and aptitudes

• Global Impact theme strategy: promote and recognise the value of international mobility, cross-cultural understanding, and multilingualism for all our students and staff

• Lifelong community theme strategy: promote the University of Edinburgh’s achievements both locally and globally

• Equality and widening participation theme strategy: protect and celebrate diversity as a defining element of the University of Edinburgh experience; ensure staff have appropriate training and information in equality areas to prevent discrimination, make reasonable adjustments, and promote equality of opportunity

**Equality Outcome 4: Improve equity of pay and career progression for all University staff**

**Aligned strategic priorities:**

• People Enabler objective/strategy/KPI/target: attract, reward and retain the best people, accessing talent from around the world; reward excellence and success in a variety of ways; [increase the] proportion of staff who have had an annual review within the previous year, incorporating the identification of objectives and development needs; achieve the institutional Athena SWAN Silver award

• Equality and widening participation theme target: increase the proportion of female academic staff appointed and promoted to lecturer, senior lecturer, reader and professor levels, and reduce the gender pay gap for University staff

**Equality Outcome 5: Improve equity of access to education in the University.**

**Aligned strategic priorities:**

• Equality and widening participation theme objectives/strategies/target: admit the very best students from a wide range of backgrounds; raise engagement and aspirations in individuals from under-represented groups, broadening the base of our applicant pool; take context and individual circumstances into account when identifying students with the best potential to succeed, through our fair, clear and transparent admissions policy.

**Excellent**
QAC: Accessibility in programme delivery is part of the standard remit for internal programme review and good practice is disseminated where identified. Not all PCs can be covered, since student data is not collected for all PCs. We will seek way to improve this if possible.

**Good**
Mental Health training now revised is being rolled out across UoE. More work required but it is progressing.

**Progressing**
Current CoP is under review and will be taken forward as Good Practice Guidelines: Student Mental Health currently under review. Timescale revised to 2015.

**Excellent**
A Healthy University Project is underway to actively promote and deliver tangible health and wellbeing benefits for the University community through increasing the engagement of staff and students in health and wellbeing.
A Mental Health Co-ordinator for students has been recruited who has a training and counselling role.

**Excellent**
A University level Student Mental Health Strategy Group has been set up to look specifically at student mental health with work streams covering staff training, data collection, crisis procedures, and policy and governance reviews, which were areas recommended by EUSA and others, as priorities.

**Excellent**
A significant increase in resources available for **student counselling**, including additional counselling staff and also alternative mechanisms e.g. access to **Big White Wall**, “A safe online community of people who are anxious, down, or not coping, who support and help each other by sharing what’s troubling them, guided by trained professionals”. <th>SDS ran a pilot “Transition” event in July 2014 for 8 new students with Asperger Syndrome which received excellent feedback. A EUSA Peer Support Team has been established and will provide this event annually. After consultation through a student survey volunteer peer mentors were recruited for the Learning Differences Peer Support Project and trained in Oct. 2013, with input from the SDS. The Partnerships ran from 4-11 weeks, and reported as helpful and positive experiences for all involved. The scheme in 2014/15 is progressing with the continuing commitment of mentors &amp; mentees. The Peer Support Team at EUSA will continue to provide this service.</th>

A Religion & Belief Task Group formed and is a sounding board for issues that may arise regarding Equality Legislation, or issues otherwise brought to the attention of members of the University, in the area of religion and belief. The Advisory Group equips the University to respond expertly to matters of religion and belief within the University and the wider society, as they may affect Equality and Diversity, and, foster good campus relations and widening participation in areas where religion and belief are factors at play. The Task Group meets each semester.

EUSA have four Equality and Liberation groups – LGBT+, Disability and Mental Wellbeing (DMW), Black and Minority Ethnic (BME), and Women. Each group represents a community of students who are marginalised and face discrimination, both in education and in wider society. Their main roles are representation, campaigning, and providing a space for students which is safe and free from discrimination.

Athena SWAN Action Plan 2012

The University of Edinburgh is committed to equality and our vision and principles are set out in our Equality and Diversity Strategy. As part of that Strategy, the University also has an Equality and Diversity Action plan, which includes a number of actions related to Athena SWAN and the promotion of good employment practice for women working in STEMM. This Athena SWAN Action Plan draws together both existing and new commitments to action to further our Athena SWAN charter commitment.

### 4. Develop systems to enable automated reporting on maternity and other parental leave

Most information on maternity, paternity and adoption leave is held by local HR teams, making reporting difficult. A project will be established to develop the HR system to enable central reporting on maternity and other leave.

**Project in 2013/14 IS programme**

**Senior HR Partner – Reward and Management Systems**

**Establishment of improved reporting facility**

**Delayed**

Due to conflicting priorities for development of management systems, project start date delayed to July 2015. Implementation expected early 2016.

### 5. Introduce regular, systematic monitoring of redundancies (including termination of fixed-term contracts) by gender

The Standing Consultative Committee on Redundancy Avoidance (SCCRA) monitors redundancy and redundancy avoidance figures. While this has periodically included gender analysis, this will be introduced as a standard practice.

**By August 2013**

**HR Employee Relations Partner, SCCRA**

**Establishment of standard gender analysis reporting to SCCRA**

**Excellent**

Reported monthly to SCCRA and annually to Court and Central Management Group. Statistics show that in 2013 6.3%F/4.7%M were made redundant (as a proportion of total academic F/M headcount respectively).

2014 figures showed a marked reduction in redundancies at 3.8%F/3.9%M.

The majority of redundancies result from the completion of fixed-term-funded contracts at Grade UE07 (postdoctoral researchers and equivalent).

### 6. Improve understanding of reasons for female staff leaving, through exit surveys and turnover

There is currently limited analysis of information about leavers and a low return rate for existing exit questionnaires. A project will be established on this topic.

**Produce project plan by August 2013**

**Deputy Director of HR**

**Initially, agreement on the project scope, objectives and milestones.**

**Fair**

All Colleges and Support Groups introduced exit surveys in summer 2014. Initial responses suggest that end of fixed-term-funded contracts is the main reason that staff leave the University. Responses will be reviewed.

annually and used to inform further actions (AS 2015 Action 2.8).

<p>| Key career transition points | 7. Increase the proportion of female academic staff appointed and promoted to lecturer, senior lecturer, reader and professor levels. [Strategic Plan Target] | This remains a key commitment in the Strategic Plan 2012-16, having been part of the previous Plan. Figures are reported annually to the University Court and discussed by the Central Academic Promotions Committee. Action to achieve this target is embedded elsewhere in this action plan. In addition, action will be taken to ensure that academic staff who have not achieved promotion within a reasonable time (to be determined) are reviewed and receive career development guidance and support. | Annual report | Heads of College | An upward trend in the proportion of female academic staff at each level. | Good | Significant progress has been seen over the last four years, with a progressive increase in the number and proportion of female academic staff at grades 9 and 10 from 32% and 19% respectively in 2010/11 to 35% and 22% in 2013/14. In STEMM subjects there has been a marked increase in the proportion of female academic staff at 10 from 16% in 2010/11 to 20% in 2013/14. Actions have been taken at School-level to address this, reflected in the good progress detailed above. We are improving the effectiveness and value of annual review (AR) for career development by refreshing the guidance for the content and management of AR discussions. The systematic consideration of readiness for promotion for academic staff will form part of annual review discussion, monitored centrally. | By August 2013 | Deputy Director of HR |</p>

**Good**

Understanding Recruitment, Selection and the Law e-learning module is available for all staff. There has been good participation from across all the Colleges and Support Groups. >75% of respondents identify as having a high or good level of ability in the topics covered after completing the e-learning. This training module now forms part of a suite of E&D-related training that will be further promoted as described under Action 19 of this Bronze progress report.

We have conducted an annual EqIA of each cohort of Chancellor’s Fellows since the scheme began in 2012 to inform improvements to advertising and recruitment to these posts. There has been a progressive increase in the proportion of women appointed in our flagship “Chancellor’s Fellows” scheme from 2012 to 2014 in response to strategies to make the advertisement more appealing to women, by using female role models and alternative media for advertisements. We will conduct a gender audit of all future large recruitment campaigns to inform improvements (AS 2015 Action 2.3(iv)).

13. **Support women taking on the role of PI**

Schools will be encouraged to target the newly established 4-day Research Leader Programme for new and aspiring PIs at female academics. 

**IAD with School and College Deans of Research**

Gender balance of participants monitored, aiming for greater numbers of females attending compared to total population.

**Excellent**

This programme has been a great success, with 48% female participation in 2014/15, (up from 39% in the previous year), and greater than the proportion of females in the target population (predominantly Grades 7 and 8).

The Research Leader Training programme is complemented by a new one-day *Principal Investigator briefing course* for established PIs, to ensure that all have appropriate training in best practice in people management, finance and governance. This pilot briefing has been so well received that it is currently compulsory in two Schools in CMVM and will be rolled out across the University (AS 2015 Action 4.4).

14. **Involve Research Staff Societies in showcasing successful female careers**

Encourage Research Staff Societies to include an event in their programme of activities which focuses on women who have developed successful careers.
